Education

Lakshmi Narain
College of
Technology and
Science, Indore -
Bachelor of
Engineering -
Computer Science

7.70 CGPA (2015-2019)

Skills

- Java
- SQL
- Spring Core
- Spring Boot
- Spring REST
- Hibernate
- Microservices
- React JS
- JavaScript
- AWS Basics

- Working knowledge of **JSON** and **XML**.
- Responsible for creating and maintaining **Restful API** using **Spring Boot**.
- Excellent in defect fixing, solving complex problems and Performance tuning.
- Having good understanding of design patterns used in **Microservices Architecture**.
- Strong understanding of common development technologies such as **Spring Boot, Micro services**.
- Experience in the **Agile (SCRUM)** Development process.

Experience

Wipro Technologies, Pune – Project Engineer

June 2019 – Present

Projects

Bank Management System (self)

Technologies Used: J2EE, Spring Boot, Hibernate, MYSQL, REST.

A fully functional Restful API developed with spring boot used to mock multiple critical banking operations(fund transfer, account management).

Source: https://github.com/RoadRomeo1/hv_bank.git

Hotel Reservation System (self)

- HTML5
- CSS3
- Robot Framework

Tools

- GIT
- Github
- Eclipse
- VS Code
- Postman
- Jira
- MYSQL client

Personal Skills

- Team Player
- Problem Solving
- Communication

Technologies Used: J2EE, Spring Core, Hibernate, MYSQL, JSP, HTML, JS, CSS.

A Web application developed with spring mvc, can be used for reservation of hotel across multiple locations around the India.
